RE: Recommendation Letter for The Inline Group

To whom it may concern;

Adams County Health Center Inc. (ACHC) became a client of The Inline Group on March 24, 2015 for the purpose of recruiting a Family Nurse Practitioner. We have been pleasantly surprised by the quick and consistent response from interested providers. This is not your typical recruitment organization. The Inline Group markets your organization, your community and the associated cultures.

From March 24, 2015 to June 15, 2015 we had 97 "hits" on the web page that The Inline Group built for ACHC. Those "hits" resulted in seven viable candidates for consideration. On June 15, 2015 ACHC notified The Inline Group that the position of Family Nurse Practitioner had been filled. The results of the marketing strategies of The Inline Group are expedient and the staff is attentive and very responsive.

It is worth noting that, for many, the search for the right position isn't always about the almighty dollar. Our experience at ACHC has been that individuals are looking for the right balance between life style and employment. The Inline Group has helped us get that message to the appropriate audience.

ACHC highly recommends the innovative services of The Inline Group to organizations who may be considering becoming one of their clients. My experience is that you will not be disappointed. Please feel free to contact me at the telephone number shown below if you would like to discuss my experience with The Inline Group.

Sincerely,

Denise Langston-Groves
Executive Director/CFO
