*RE: Letter of Recommendation*

Dear Sir or Madam:

I am writing this letter of recommendation about The Inline Group and their excellent service. Our organization Council of Athabascan Tribal Governments serves five villages within a very geographically-isolated area of the Yukon Flats in the interior of Alaska.

It is very difficult to recruit healthcare providers to an area such as ours, it takes a unique and special person that is ready for a challenge both in terms of the services we provide and the environment which can range in temperature from 80 degrees to -65 below zero.

Our clinic has been operating with mostly locum providers for about a year, however with the help of the Inline Group and their very careful approach to making sure they are marketing us in the right way we have now signed contracts with three new providers and will soon be fully staffed.

I would highly recommend The Inline Group for your recruiting needs, their service is professional with wonderful staff staying on top of the needs of your organization. This is an investment that is well worth finding the providers that will be a perfect fit.

Sincerely,

Melinda L. Peter  
Health Director
