Letter of Commendation

CSVS is pleased to affirm that the Inline Group working through Shirin Virani has done a great job of finding the right candidates, presenting them to us, and following through to completion.

At the same time, the Inline Group demonstrates sensitivity to and understanding of the changing needs of CSVS with regards to physician / provider staffing, working literally tirelessly with us to fill those needs. For example, the Inline Group, although primarily a physician placement company, has put substantial effort into finding and presenting well-qualified mid-level providers to CSVS because we also have needs in that area.

Although CSVS is subscribed to different physician placement schemes, including Locums, journal advertisements, Listings, and own website announcement, we find that working with the Inline Group is the most productive arrangement yielding the largest return on investment.

The Inline Group is our placement agency of choice. CSVS recommends it very highly.
