**Jennifer Ostman
Account Manager
The In-line Group**

Dear Jennifer:

Thank you so much for your attentiveness and support during the past year enhancing our search for Primary Care Candidates.

Engaging the In-line Group to attract and identify candidates was like adding rocket-fuel to our recruitment efforts. We appreciated the clean, focused and attractive web presence and the targeted efforts to reach the right candidates for our Center. We especially appreciated your availability and continued interests in helping us succeed in a very competitive market to recruit and retain providers.

We appreciated our partnership with In-line and feel that you played a major role in raising our image while helping us reaching new candidates.

Sincerely,

**Lee Umphrey
CEO**
