

Success Story

January 15, 2016

Central City Community Health in Los Angeles, CA
Client Partnership Date: September 14, 2015
Months of Service: Four

Central City Community Health Center (CCCHC) is located in Los Angeles, CA. They operate five health centers and two licensed mobile clinics. CCCHC partners with the LA County Department of Health and holds a Healthcare for the Homeless sub-contract.

The Inline Group's (Inline) Joe Valdez initiated contact in 2014. Talks continued for a year until CCCHC determined that their growth plan and current needs required additional assistance. The contract began September 14, 2015.

As of January 14, 2016, CCCHC has seen:

- 237 unique candidates visit their Custom Landing Page
- 36 qualified and screened candidates matched to their job

In four months, Inline's team of candidate advisors have screened and matched 36 Family Medicine Physicians, Physician Assistants and Nurse Practitioners. Dr. Stretten was identified and matched on October 13, 2015, he was hired at the end of October, **just one month into their contract**. On December 2, 2015, Chuck Jones identified Dr. Onnig Panosian. He currently has a contract pending for his hire. Two other candidates have had phone interviews with one scheduled to interview January 23, 2016.

This search has been successful because Robert Garduno works closely with Angela Wilson, their Account Manager, candidates get prompt responses and excellent follow-up. They have an excellent internal process and a clear understanding of who they want to see.

We are very excited to partner with CCCHC and to assist them in the identification and acquisition of Primary Care Candidates.
